medical
devices

Kids

ZARYS kids was created with paediatric patients in mind. It is our idea that hospital facilities should not be associated with negative emotions for children: pain, fear and anxiety. The colourful prints visible on the devices surprise and bring a smile to the face. The cheerful shades distract from the anxiety-inducing hospital procedures. Colours have power!

staff**

medical mask

disposable

intended purpose:

- intended for covering the mouth and nose providing a barrier to minimize the direct transmission of infective agents between staff and patient

features:

- made of three layers of non-woven
- modeling nose-piece
- bacteria filtration efficiency BFE $\geq 98\%$
- dimensions: 175 mm x 95 mm
- with earloops
- with colourful graphics
- packaging: ergonomic cardboard box to remove individual pieces
- type II as per: EN 14683
- non-sterile

REF	sales packaging	transport packaging
BT-046-31C	50 pcs	20 x 50 pcs

MAYA

medical cap with rubber

intended purpose:

- worn over the head to minimize air contamination in the operating theatre/treatment room from hair and exfoliated skin from wearers

features:

- made of polypropylene non-woven with colourful print
- with an elastic rubber band in the back part
- packaging: ergonomic cardboard box to remove individual pieces
- non-sterile

REF	sales packaging	transport packaging
BT-001-30C-R1-PP	100 pcs	6 x 100 pcs

OLAF

medical cap with ties

intended purpose:

- worn over the head to minimize air contamination in the operating theatre/treatment room from hair and exfoliated skin from wearers

features:

- made of polypropylene non-woven with colourful print
- forage cap
- cap with ties at the back
- packaging: ergonomic cardboard box to remove individual pieces
- non-sterile

REF	sales packaging	transport packaging
BT-007-30C-T1-PP	100 pcs	6 x 100 pcs

easyCARE nitrile pink

examination gloves, nitrile,
powder-free

intended purpose:

- intended for patient diagnostics, providing a barrier to the transmission of microorganisms between the operator and the patient, minimizing the risk of cross-contamination

features:

- raw material: nitrile (acrylonitrile butadiene)
- colour: light pink
- internal surface: chlorinated
- cuff: beaded
- AQL: 1.5
- class I medical device compliant with Medical Devices Regulation (EU) 2017/745 (MDR)
- Personal Protective Equipment Category III according to PPE Regulation (EU) 2016/425
- allowed for contact with food
- intermediate packaging: 100 pcs with a colour-coded packaging for easy size recognition
- single-use
- non-sterile

Young patient's environment

automatic tourniquet

for children

intended purpose:

- used to induce venous stasis and to make a vein selected for puncture more prominent

features:

- components: polyester stretch strap and ABS plastic items
- wide stretch strap to minimise pressure build-up during compression
- significantly protects against arm congestion, improves the quality of the blood sample for examination
- a simple one-handed mechanism for easy fastening and unfastening with gradual release of pressure
- dimensions: length 450 mm +/- 5 mm, width 25 mm +/- 1 mm
- yellow colour with colourful print
- latex-free, phthalate-free
- reusable

REF	sales packaging	transport packaging
SA-002	21 x 1 pc.	20 x 21 pcs

patient's gown

for children, non-woven

intended purpose:

- intended to be worn by patients during diagnostic examinations and perioperative/perinatal care

features:

- made of SMS non-woven
- ties at waist and neck
- blue colour
- dimensions 72 x 100 cm
- non-sterile

REF	sales packaging	transport packaging
BT-0022-35B-SMS-D1	10 pcs	10 x 10 pcs

thermal patient cover

SOFT

intended purpose:

- intended to cover the patient to prevent perioperative hypothermia
- used as an insulator to protect against hypothermia caused by impaired thermoregulatory mechanism and to achieve normothermia in the patient
- single use for one patient minimizes the risk of cross infection
- used in perioperative care, intensive care units, hospital emergency departments and other medical departments where it is necessary to ensure the patient’s thermal comfort

features:

- made of Spunlace non-woven with polyester filling
- ultrasonic seams over the entire surface
- can be heated up in the heating device
- single-use
- non-sterile

deltaset I-36

neonatal kit I-36

intended purpose:

- intended for use in treatment rooms, emergency services, hospital wards
- it contains auxiliary disposable medical devices for the newborn, which are useful during a physiological delivery or caesarean section

features:

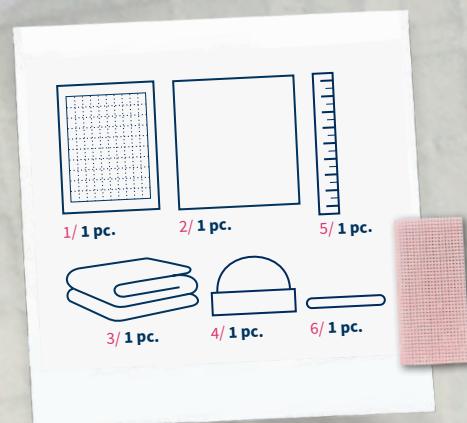

- for short-term use
- label with 2 adhesive tag labels for data archiving.
The following information is available on each adhesive tag label: REF number, expiry date, batch number, manufacturer's data and barcode
- sterile

REF	sales packaging

elastoFIXAL KIDS

adhesive tape for catheter tubing fixation,
non-sterile

intended purpose:

- intended for stabilisation and protection of all types of drains, catheters and tubes

features:

- two-part fixing tape consisting of a part attached to the skin and a part fastening the drain
- part attached to the patient's skin made of adhesive
- non-woven with colorful print
- drain fixing part is integrated with a part adhered to the patient's skin and has an additional adhesive tape - Velcro and adhesive field for better drain stabilization
- possibility of reposition and correction of the drain position due to Velcro
- protective layer of siliconized paper
- dimensions 9 cm x 4 cm
- non-sterile

REF	sales packaging	transport packaging
816101A	50 x 1 pc.	20 x 50 pcs

POREplast

adhesive perforated non-woven tape

intended purpose:

- intended for stabilisation, protection and fixation of drains, catheters, medical tubes not requiring specialised fixation at their place of application as well as primary dressings (contact), non-adhesive, applied directly to wounds and skin damages

features:

- adhesive tape on a non-woven base
- adhesive tape wound on a plastic spool
- protected by a plastic cap
- dimensions 2,5 cm x 5 m
- non-sterile

REF	colour	sales packaging	transport packaging
VH-POPP	pink	24 x 1 pc.	24 x 24 pcs
